

AP Latin

Over the summer you will be focusing upon Latin vocabulary. I have provided a vocabulary list for you to prepare for the upcoming year.

We are dividing this list in half.

The First 8-Pages: You must know all the words indicated by their marks on these pages. You will also be making 3x5 flash cards of all the words on this pages. The first day we are back in school you will take a vocabulary test on these words (some multiple choice, some fill-in the blank), and will need to show your finished flash cards.

The Last 8-Pages: We will be working with the remainder of the Vocabulary List throughout your time in the AP Class. You will also be making flash cards out of the rest of the words and taking regular quizzes on them as well.

Here is a summer schedule: You should have the following finished by the dates indicated.

July 15: Memorized Vocabulary pages 1-4, and made flashcards.

August 24: Memorized Vocabulary pages 4-8, and made flashcards.

In addition to this, you will need to translate two short passage from Caesar, due on July 15th and August 24. You will email me your translation.
