

## COLLEGE CORNER

Fall is the time when the most mail comes into the College Center. Testing materials and applications are received, College Rep visits are scheduled, Colleges/Universities host presentations, and scholarship information is made available. There's lots to keep up with so read the following carefully!

**Juniors/Seniors:** There is a unique web site for California colleges/universities. It is [www.CaliforniaColleges.edu](http://www.CaliforniaColleges.edu). On this site, you can access the CSU system, the UC system, community colleges and most of the independent colleges/universities in California. A student can research those schools; start a portfolio and later input information into applications. Try it out! Also college/university tours can be arranged through **College Visits**. Go to [www.college-visits.com](http://www.college-visits.com) to view their 2008-09 USA College Tour Schedule.
